## First Day of Rotation/Learning Experience - Goals and Objectives

\*Preceptor Name:

Dear Preceptor,

Your thoughtful assessment is EXTREMELY important. You are influencing the type of colleague you will be working with in the future and developing the colleague who will eventually look after your patients. Helpful tips are located at various points of need.

**An ITAR (in training assessment of resident) is needed every 3 months for longitudinal rotations exceeding this duration.**

### Instructions for First Day of Rotation/Learning Experience

1. First day of rotation please meet with your Resident to review;
